BONSAI KOIN WHITEPAPER
A Strategic Plan for Growing the Bonsai Koin Ecosystem

🌐 **bonsaikoin.com**
✉ **contact@bonsaikoin.com**

INTRODUCTION

- Built on **Binance Smart Chain (BSC)**, **Bonsai Koin** promotes decentralization while contributing to charitable causes and financial empowerment.

- Utilizing **BSC** ensures low-cost, secure, and efficient transactions for holders, creating lasting value.

- Inspired by the **Koi Fish**, which symbolizes perseverance, strength, and prosperity, **Bonsai Koin** reflects the Koi's journey against the current, representing financial resilience and growth. Like the art of bonsai, **Bonsai Koin** fosters long-term sustainability and balance in the financial world, encouraging holders to cultivate their financial future with care and patience.

VISION & MISSION

OUR MISSION: Bonsai Koin blends <u>blockchain innovation</u> with social responsibility, ensuring financial rewards for holders while contributing to environmental causes and efforts to alleviate poverty.

OUR VISION: To cultivate a sustainable, decentralized community that drives financial growth and <u>supports global charitable initiatives</u>.

THE TEAM

MARK HERBINKO JR. - FOUNDER

- Mark Herbinko Jr. is a seasoned entrepreneur with a passion for cryptocurrency, nature, and charitable work. His leadership and commitment drive Bonsai Koin's vision of creating a meaningful impact on both the financial and social landscape.

NICOLE RUTKAUSKAS- COO

- Nicole Rutkauskas, Chief Operating Officer for Bonsai Koin, leverages her diverse experience in business development, criminal law, early childhood education, and crypto investment to drive operational success and ensure smooth project execution.

WASAY GORAYA - TECHNICAL LEAD

- Wasay Goraya brings years of expertise in cryptocurrency and technology to Bonsai Koin, overseeing its technical framework to ensure secure, efficient, and innovative execution.

TOKENOMICS

The tokenomics of Bonsai Koin are structured to reward holders, support growth, and contribute to charitable causes.

Max Total Supply: 500,000,000,000,000 BOKO

Transaction Tax (**12%**)

Each transaction incurs a **12% tax**, distributed as follows :
(% of transaction value)

- **5%** to holders as passive rewards.
- **1%** to the Liquidity Pool, ensuring stability.
- **2%** to a burn wallet to reduce supply.
- **2%** for marketing and charity, helping grow the community and fund charitable initiatives.
- **2%** for buyback to support token value.

USE CASES

Bonsai Koin serves multiple use cases, including:

- **Holder Rewards**: Earn passive income by simply holding BOKO.
- **Liquidity Support**: The **1%** tax ensures liquidity for a stable trading environment.
- **Deflationary Mechanism**: The burn tax reduces the supply over time, increasing scarcity.
- **Charitable Contributions**: A portion of each transaction supports charitable efforts globally.
- **Buyback Program**: **Bonsai Koin's** buyback system strengthens token value through market purchases.

BONSAI KOIN GAME: "KOI GARDEN"

Bonsai Koin will introduce an engaging play-to-earn game, Koi Garden, where users can immerse themselves in a peaceful world of bonsai trees and koi fish. In the game, players can farm, nurture bonsai trees, and care for koi fish to earn rewards in BOKO tokens. Players can also trade items, participate in competitions, and explore unique in-game experiences to maximize their earnings. This game aims to create a fun, community-driven environment where players can enjoy the beauty of nature while earning cryptocurrency.

IMPACT ON GLOBAL POVERTY

Bonsai Koin is committed to using the <u>power of cryptocurrency</u> to make a tangible difference in the world. Our end goal is to contribute significantly to the <u>fight against poverty</u>. A portion of transaction fees, along with funds from the core team, will be allocated to charitable causes aimed at <u>reducing poverty</u> and <u>improving living conditions</u> for underprivileged communities. Through these efforts, **Bonsai Koin** will drive real-world change and <u>positively impact millions of lives</u>.

ROADMAP

PHASE 1

- Establish partnerships with environmental and charitable organizations.
- Launch social media and community channels to build a strong user base.

PHASE 2

- Develop and release the Koi Garden crypto game, integrating BOKO rewards.
- Expand marketing efforts to increase visibility and community engagement.
- Begin initial charitable donations from transaction fees and team funds.

PHASE 3

- Introduce additional utility features for BOKO within the game and other platforms.
- Scale up community involvement and charitable contributions.
- Begin collaborations with influencers and media outlets to promote Bonsai Koin globally.

PHASE 4 and 5

- Expand BOKO use cases in DeFi ecosystems and additional blockchain platforms.
- Launch a full-scale charity initiative, targeting major global poverty reduction programs.
- Continue buybacks and token burn initiatives to maintain long-term value for holders.

HOW TO BUY BOKO

To purchase Bonsai Koin:

- **Create a Wallet**: Set up a crypto wallet like MetaMask or Trust Wallet.

- **Add BOKO to Your Wallet**: Use the following contract address to add BOKO.

- **Contract Address:** 0x61d4586ec7423620BE2040298C3993521062E8b4

- **Buy on PancakeSwap**: Swap **Binance Coin (BNB)** for **BOKO** tokens on PancakeSwap.

- **Hold to Earn**: Start earning passive rewards by holding BOKO in your wallet.

- **Others : Bonsai Koin** is also listed on multiple crypto exchanges.

SUSTAINABILITY AND CHARITY

Bonsai Koin integrates <u>sustainability</u> and <u>social impact</u> at its core. Through its charity fund, **Bonsai Koin** will continuously support initiatives focused on reducing poverty, providing basic resources to <u>underprivileged communities</u>, and <u>funding environmental sustainability</u> projects. A portion of transaction fees will be dedicated to these causes, ensuring that the growth of **Bonsai Koin** directly contributes to a better world.

SECURITY AND TRANSPARENCY

Bonsai Koin is built on **Binance Smart Chain** for fast, secure, and low-cost transactions. All token data and transactions can be viewed transparently on BSCScan, and security audits are conducted to ensure the safety and reliability of the ecosystem.

Contract Address:
0x61d4586ec7423620BE2040298C3993521062E8b4

CONCLUSION

Bonsai Koin is a cryptocurrency designed to grow sustainably while making a positive impact on the world. With its deflationary tokenomics, rewarding ecosystem, and commitment to charitable causes, **Bonsai Koin** is positioned to create long-term value for holders and contribute meaningfully to global poverty reduction.
